

SAFETY DISCLOSURE

Toy Rescue Mission (“TRM”) uses its best efforts to ensure the toys you receive are safe. TRM monitors notices from the Consumer Product Safety Commission (“CPSC”) and incorporates CPSC voluntary safety standards in refinishing and repackaging used toys that have been donated to us. However, TRM has no way of knowing the manufacture or sale date of any toy it receives and, therefore, **cannot guarantee** that toys it distributes are safe from defect.

Our expectation is that since the parent or guardian ultimately places the toys in the hands of the child; said adult will take all necessary precautions to ensure the toy is safe. TRM accepts no liability in connection with your acceptance or use of new or used TRM toys.
